Novel Effect

Last Fall, I attended the Nebraska Music Education Association Convention and learned about my new favorite app: **Novel Effect!**

Novel Effect is an app loaded with hundreds of storybooks; many that I already use in my classroom! Here's how it works: with a yearly subscription plan, you can have access to interactive music and sound effects that **follow your voice** to a chosen story. Many of the books have eBooks; otherwise, you use your own printed copy! To begin, press play and start to read aloud. From there, the story comes to LIFE. Even with interruptions, the story will follow YOU.

Download this app and use up to four free read alouds per month to give it a try! I highly recommend it! (:
