

A - Tisket a - Tasket

Song by Ella Fitzgerald

Illustrated by Ora Eitan

I love this book for when I am playing the circle game “A Tisket, a Tasket” and learning “La” with 1st grade. The book does not come with a CD, but I play a recording of Ella Fitzgerald singing this song as I flip through the pages. Students get a chance to hear amazing jazz music while looking at beautiful illustrations. The song lyrics in the book tell a story, and my students are always engaged. I have also played the music/read the book to my older students, and I have found that students of any age enjoy this book. Once you play the music, your students will be asking for it again!
