

**You Are Light** by Aaron Becker  
 Learned from Fauna Woolfe July 5, 2020  
 International Sharing Sunday-USA

**The Shape of Color - Movement sentences using color.**

**Music: "Departure" from Joyful Noise 1 by Andy Monroe**

**Materials: Colored Paper or Slide Show of Colors**

- Explore the feeling of each color and create the shape you feel.
- Choose an order for your shapes.
- Perform the sequence with music. One shape per measure, and the fourth measure for improvisation.
- Extension: Add a measure of improvisation time after each shape after the first 4 or 8 times through the pattern.
- Perform with music

**Musical Crayons: Music skill building ideas with crayons!**

**Materials: Crayons in Red, Orange, Yellow, Green, Blue, Purple**

Explore shape and line with crayons in a variety of formations.

- Creative shapes: star, tree, smiley face
- Musical shapes: "guiro", arch, Line

The sound of your crayons: Melodic Exploration

- Crayons change pitch as they leave the line

### “Air Draw” Sound Exploration

- Choose your favorite crayon and explore shape and sound by drawing designs in the air with simultaneous vocal exploration
- Include: flowing lines, dots, dabs, scoops, etc...

### Fill the page with COLOR!

#### Color - Design - Improvisation - Elemental Form

#### Materials: White paper and crayons

(Fold down about 2 ½ in. of the paper to create a square)

#### Part I:

Create three areas

- Draw a line from the top of the page to the side of the page.
- Draw a second line from your first line to the other side or bottom.

#### Design

- Create a design with Red in one of the sections.
- Turn the paper and create a different design with Blue in another section .
- Turn the paper again, and create a third design with Yellow.
- Add to your designs with remaining colors, (purple, orange, green) and fill in remaining white space. (light shading is a quick way to fill in white space with color.)

#### Part II:

- Using vocal improvisation, create a theme for each area. This can be in the form of melodic ideas, or “soundscapes”. (\*This can also be done with recorders, body percussion/movement, or instruments!)
- Choose an elemental form using A B C that has at least 4 parts. (ABACA; ABACABA, ABCA etc...)

## **Stained Glass Light Dance!**

**Music: "Allegrezza" from Whispering Woods - Nadia Birkenstock**

**Materials: Your artwork and flashlight**

Move artistically with the music!

- Use your flashlight to light each design area in the order of your form.
- Each section should last for 8 measures. (6/8 meter)
- Play with the light and move with the music. Try having the light closer and farther from your picture.
- Go through your form twice with a 16 measure break before your repeat.
